

HOW *seriously* DO YOU TAKE YOUR PET'S SKIN HEALTH?

It's ours and your pet's largest organ.

How do you really know what's going on **DEEP** down in the skin?

There's only one way to be sure. Ignoring symptoms of skin issues only leads to larger, costlier and further complications. You get to clean your skin on a regular basis, why not your pets?

A Thera-Clean bath is the deepest and safest cleaning technology available.
